

Nick

Heya, we're off the café for lunch.
You up for it?

You

Yeah, see you there!

This is an invitation to **CONNECT UP!**

If you are aged 18-30, join our FREE peer support programme for people with Autism and support needs. This is your chance to have fun learning how to use 3D technology to build confidence and skills for life and work.

Connect up by logging in from home or by meeting up at the 3DNovation Hub at Croydon Voluntary Action

This 12 week Connect Up programme will help you:

- > Feel more confident and connected
- > Learn to use 3D and IT skills to help your community
- > Give you an opportunity to do an accredited employability course
- > Connect you to local employers and voluntary organisations
- > Help you get to know other young people in Croydon

Register your interest for Connect Up on line at www.autus.org.uk/registration

This project is delivered by Autus and All Inclusive in partnership with Croydon Autism Service and Croydon Employment Services

For more information, see www.autus.org.uk/connectup
